						New entry	YTD
						1 membership (2 members)	14 memberships (18 members)

The number of rounds in May increased by 466 from the previous year. The revenue also increased by 8,220 thousand yen. Since we had 2 fewer weekdays and 2 more weekends compared with May last year, the number of guest rounds on weekends increased by 370, and its revenue increased by 4,800 thousand yen.

The month of June also exceeded the previous year because of the increasing number of guest rounds and lounge sales.

<From course maintenance>

Rainy season still goes on for a while. We continue to practice aeration for greens to keep the permeability. We install an air blower for adequate ventilation by the number 13 green which has been most affected by hot summer. We also practice sodding on damaged zoysia lawns in teeing areas. It will take a while until the settlement of turf. We apologize for any inconvenience. Now that we got sufficient bent turf, we completely sod on the approach green in early July. We must limit the use of the area for a while. We appreciate your understanding and co-operation.

<Notice>

Ichihara city of Chiba prefecture was classified on June 21 as "an area covered by priority measures to prevent the spread of the new coronavirus." We will operate our restaurant and lounge in accordance with the city policy.

①We will ventilate the areas thoroughly, install acrylic plates and keep proper distancing among seats. Please sanitize your hands and fingers.

②We will close the restaurant and lounge at 8PM on Saturdays (offering alcoholic beverages until 7PM) and at 6PM on other days.

③We offer alcoholic beverages up to 2 people. If your group consists of more than 2 people, please limit the number of each table up to 2. Please make proper arrangements in seating.

Thank you very much.
