

June FY35th Business

	Number of Rounds					Revenue (thousand yen)	
	Member	Guest	Visitor	Net	Total		
June	1,376	763	147	441	2,727	24,680	
+/- from FY 34th	18	137	29	-288	-104	2,590	
YTD	14,800	7,683	1,372	4,052	27,907	245,750	
+/- from FY 34th	2,021	1,359	-160	31	3,251	33,910	
						New entry	YTD
						4 membership (5 members)	18 memberships (23 members)

The number of rounds in June decreased by 104 from the previous year. The number of weekdays was 1 day less than last year. The number of rounds booked through internet decreased by 288. As a result, the number of weekday rounds decreased by 152 in spite of more rounds in other categories. On the other hand, the number of weekend rounds increased by 48 because of more guest rounds. The revenue increased by 2,590,000 yen because we had more guest and visitor rounds and increased food & beverage revenues mainly at the lounge.

Both the number of rounds and revenue exceeded the previous year in July.

<From course maintenance>

Now that this summer season started, we actively irrigate the golf course. We must keep two seater carts off the fairway for a while for the turf protection.

We completed sodding on our approach green, but we must make the area available only on weekends for a while. We appreciate your understanding and co-operation.

<Notice>

The state of emergency related with Covid-19 was declared on Chiba prefecture (from August 2 to August 31). We refrain from serving alcoholic beverages in accordance with the request by the Chiba prefecture. We appreciate your understanding.

The only one month is left in the FY35th. We would like to remind you of your prompt annual due payment in September.

Thank you very much.
