The number of rounds in October increased by 391 from the previous year. The number of member & quest rounds on weekends greatly increased by 481. The number of member & quest rounds on weekdays also increased. The total sales increased because of these increases of the number of rounds and price increases on weekday rounds booked through internet.

The number of rounds and sales in November showed some decreases from the previous year.

<From course maintenance>

We implemented aeration on greens in November as well to improve permeability. We have successfully kept the color and putting quality of greens.

We hear more divots are seen on fairways than before. We appreciate your further co-operation in repairing them.

<Notice>

We are doing repair work on the building "Desmond Muirhead Museum" is located. We have set up scaffolds around the area. We appreciate your understanding.

Only less than one month is left this year. Less and less tee times are getting available during New Year holidays. Please book your tee times sooner rather than later.  
on Covid-19 counter measures.

Thank you very much.
