						New entry	YTD
						1 membership (2 members)	9 memberships (12 members)

The number of rounds slightly increased by 17 from the previous year. The number of weekday rounds decreased by 258 because of some rainy and/or cold days, but the number of weekend rounds increased by 275. The weekend guest sales covered the decrease of weekday sales.

We decreased both the number of rounds and sales from the previous year in April. It seems to be caused by unstable weather. We will let you know the detail next month.

<From course maintenance>

Now the turf starts to grow vigorously. We will go through very busy seasons until Autumn. We will conduct aeration on greens after Golden Week. We have conducted aeration in the areas surrounding greens since April. We will soon start mowing on roughs in addition to fairways.

<Notice>

We will have many events including "Opening Memorial Festival" in May. Please enjoy the season of fresh green at Brick & Wood Club.

Thank you.
